

NURSE PRACTITIONER?

Ready to practice on your own?

Need some guidance? *We can help!*

STARTING A PRACTICE IS BOTH
EXCITING AND TERRIFYING!

ONLY **49%** OF MEDICAL PRACTICE START-UPS
SURVIVE PAST 5 YEARS.

REASONS FOR FAILURE INCLUDE:

1. Starting a practice for the wrong reason
2. Poor management
3. Insufficient funding
4. Poor location
5. Over-expansion
6. No website

"With our vast experience and expertise we have the tools to help Nurse Practitioners realize their full potential"

EGGLESTON AND EGGLESTON'S

Medical Practice Start-Up Services are designed to efficiently handle the overwhelming task of opening your new medical practice. We have over 20 years of experience helping providers open the doors of their own practices - whether they are just finishing up their residency, leaving a hospital position or breaking away from a group practice.

Every practice is different! That is why we tailor our medical practice start-up services to fit YOUR unique needs:
